

ANURAG SWAIN

CSE UNDERGRAD

SKILLS

TECHNICAL SKILLS :-

- Programming Languages : C, C++, Python, Java, JavaScript, TypeScript, PHP, Shell Scripting
- Web Development : HTML, CSS, Bootstrap, Tailwind CSS, React.js, Node.js, Express.js
- Python Libraries & Frameworks : NumPy, Pandas, Matplotlib, Scikit-learn, TensorFlow, PyTorch, Keras
- AI / LLM Frameworks & APIs : OpenAI API, Gemini API, LangChain, Hugging Face (Transformers)
- Databases : MySQL, MongoDB
- Cloud & DevOps : Docker, AWS, Vercel, Render
- Version Control : Git, GitHub
- Development Tools / IDEs : Visual Studio Code, IntelliJ IDEA, PyCharm
- Visualization Tools : Power BI, Tableau
- UI/UX Design : Figma, Canva, Adobe XD
- Operating Systems : Windows, Linux, macOS

WORK EXPERIENCE

Infosys Springboard , Bangalore

Artificial Intelligence Intern

Aug 2025 - Oct 2025

Developed an **AI-powered heart disease prediction system** using machine learning (Random Forest, SVM, Neural Networks) with data preprocessing, feature engineering, and model evaluation. Integrated OCR for medical data extraction and built a full-stack web application with secure authentication, REST APIs, and real-time risk prediction.

ElSystems Technologies , Uttar Pradesh

Web Development Intern

Jul 2025 - Sep 2025

Engineered a scalable **full-stack e-commerce platform** using the MERN architecture, delivering core functionalities including secure authentication, product lifecycle management, cart operations, and order processing. Enhanced system performance through optimized API design and database query tuning, achieving ~30% faster response times while supporting concurrent user interactions with a responsive, user-centric interface.

Edunet Foundation , Karnataka

Artificial Intelligence and Data Analytics Intern

Jul 2025 - Aug 2025

Built a predictive analytics solution for **EV charging demand forecasting**, leveraging data preprocessing, feature engineering, and machine learning techniques to identify usage patterns and optimize resource planning. Delivered actionable insights through data analysis and model evaluation to support efficient charging infrastructure decisions.

MicroGenesis TechSoft Pvt Ltd , Bangalore

Deep Learning Intern

Jun 2025 - July 2025

Engineered a deep learning-based **road lane detection system** for autonomous driving scenarios, leveraging computer vision techniques to achieve robust lane identification across diverse environmental conditions. Designed and optimized model pipelines for real-time inference, improving detection accuracy and system reliability.

PROJECTS

AI-Powered Multilingual Chatbot (Gemini API)

Built and deployed a multilingual AI chatbot with context-aware responses, integrating document processing (PDF, DOCX, TXT), real-time translation, and text-to-speech with optimized sub-2s latency.

Real-Time Currency Converter Web Application

Developed a real-time currency converter with optimized API integration and responsive UI, delivering sub-second performance across 200+ user interactions.

AI-Powered Portfolio Platform with RAG Chatbot

Designed and deployed a full-stack AI portfolio platform featuring a RAG-based chatbot, vector search, secure authentication, and admin CMS, with containerized microservices and automated CI/CD pipeline.

POSITION OF RESPONSIBILITY

Member, KiloBots Robotics Club (GCEK)

Contributed to team-based projects in robotics and automation, collaborating on innovative solutions and technical problem-solving.

Event Coordinator, College Tech & Cultural Fests

Assisted in organizing and managing college tech and cultural events, supporting coordination and smooth execution, while actively participating in tech fests and innovation-driven activities.

Sports Captain, Ashoka House (School level)

Led teams in inter-school and inter-house competitions, demonstrating leadership, teamwork, and organizational skills.

EDUCATION

2020 - 2021

KEDRIYA VIDYALAYA NO-6,
POKHARIPUT, BBSR

- Secondary (Class X)

2021 - 2023

KEDRIYA VIDYALAYA NO-6,
POKHARIPUT, BBSR

- Senior Secondary (Class XII)

2023 - 2027

GOVERNMENT COLLEGE OF
ENGINEERING KALAHANDI

- Bachelor of Technology
- CSE Branch
- CGPA : 8.10/10.00

CERTIFICATIONS

- Data Science — BCG X
- GenAI Analytics — Tata
- RAG (LangChain) — IBM
- LLM Basics — IBM
- Software Engineering — Accenture
- Solutions Architecture — AWS
- Product Management — EA
- Python (Data Science) — IBM
- Cloud Systems — UIUC
- DBMS — Infosys
- Big Data — Infosys
- SQL — UMICH
- Data Analytics — Deloitte

LANGUAGES

- English (Fluent)
- Hindi (Fluent)
- Odia (Fluent)
- Bengali (Intermediate)
